AAP Director's Message

Dear AAP Community,

We want to take this moment to share this special message with you. First, we acknowledge the stress and uncertainty that many are feeling due to the ongoing political climate and challenges that may be affecting you, your families, and our communities. As a member of our community, you have your own aspirations but also the hopes of those who have sacrificed so much for us to be here. Second, please know that AAP stands with you and all Bruins who are being impacted by the recent political messages and government policies being issued. We are here to ensure that AAP students can continue their education with the necessary safeguards, dignity, and security we all deserve. If you are in need support and/or would like to speak to someone, please do not hesitate to reach out to us.

Please visit our [AAP Resource Page](#) - here, you will find UC resources that will assist you with answering any questions or provide you with information and guidance as we face these challenging times. Again, we are here for you and will do our best to provide you the support that you need to continue and complete your education.

WINTER 2025

10th Annual Dr. Winston C. Doby Distinguished Lecture

In February, we had the opportunity to host the 10th Annual Winston C. Doby Distinguished Lecture. Each year, to honor Dr. Doby's legacy we invite distinguished thinkers from across the country to address our community on topics related to higher education access and social justice; issues that Dr. Winston Doby passionately advocated for throughout his career. Dr. Doby believed that the best way to improve the lives of first generation, low-income and underrepresented students was to provide them with an educational experience that would empower them to become change agents and leaders in their communities. His crowning achievement at UCLA was the creation of the Academic Advancement Program, one of the nation's most successful student academic support programs.

In honor of Dr. Doby's legacy and his vision for social justice, Dr. David M. Carlisle, who presently serves as the President and Chief Executive Offices of Charles R. Drew University of Medicine and Science (CDU), provided an inspiring lecture. Drawing on his experiences as an African American faculty member reflecting on diversity changes throughout his career at UCLA, Dr. Carlisle emphasized the importance of advancing equity and inclusion through meaningful connections, embodying Dr. Doby's ideals. Against the backdrop of the current turbulent political climate, this lecture was both timely and necessary. Following his remarks, Dr. Hewlett, Professor and Associate Dean for Equity, Diversity, and Inclusion at UCLA School of Dentistry and a distinguished member of our AAP Faculty Advisory Council, moderated a thought-provoking Q&A that underscored their shared commitment to diversity and collaboration.

WINTER 2025 AAP Athletic Day

In partnership with UCLA Athletics, the AAP community celebrated AAP Day at the UCLA Women's Basketball game vs. Ohio State on Wednesday, February 5, 2025 at Pauley Pavilion. An amazing gathering of AAP scholars, AAP/CCCP staff, FTSP faculty, the AAP Advisory Council, along with family, friends and campus partners shared in the joy of an unforgettable victory. Before the game, the AAP Athletics team put together an incredible pre-event that emphasized the years-long partnership with AAP. AAP Athletic Day provided us with the opportunity to unite and celebrate this spectacular win as an AAP community.

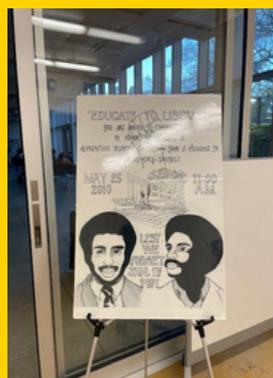

AAP is incredibly grateful to Kenny Donaldson, Pam Walker, Brianna Hutchings & the rest of the Athletics Team for making this event possible!

WINTER 2025

Carter-Huggins Annual Memorial Event

UCLA's Afrikan Student Union (ASU) and AAP hosted its annual Commemoration for two murdered UCLA students, Alprentice "Bunchy" Carter and John Huggins, Jr., on February 20th.

DID YOU KNOW?

On January 17, 1969, two UCLA High Potential Program students, Alprentice "Bunchy" Carter and John Huggins, Jr., were assassinated in 1201 Campbell Hall. The assassination took place after a student meeting to decide qualifications for the selection of the first director of the newly-formed Afro-American Studies Center. The assassinations were characterized in the press as being the result of an ongoing feud between two militant Black organizations, the Black Panther Party and the US organization, which supported different candidates for the director position. Both Carter and Huggins were leaders of the Los Angeles division of the Black Panther Party. Three members of US were convicted of the murders. Many speculate, however, that the assassination was instigated by the FBI's COINTELPRO which, at the time, was engaged in a clandestine campaign to eliminate the Black Panther Party. Note: COINTELPRO is an acronym for a series of FBI counterintelligence programs designed to neutralize political "dissidents". From 1956 to 1971, COINTELPRO broadly targeted radical political organizations.
