You can add your essay to your application at any point before the submission deadline. Remember: the application will not be considered complete until the essay is submitted.

### **ESSAY QUESTIONS (choose one):**

#### **Question 1 – Current Events**

Across higher education, budget shortfalls and shifting priorities threaten programs that advance equity, student support, and research. Discuss how these financial challenges affect students and communities. What do you believe it will take to sustain equity and opportunity in times of scarcity?

#### **Question 2 – UCLA Common Experience**

The FX Television Series, Reservation Dogs, has been selected as the UCLA Common Experience title for the 2025-2026 academic year.

##### **Re-mapping Identity Through Narrative**

Reservation Dogs illustrates that stories can challenge stereotypes and reclaim under-represented voices. Reflect on a time you used narrative—spoken, written, visual, or digital—to push back against an assumption about who you are or where you come from. What did you learn about yourself and others, and how will you use storytelling to promote understanding and social change during your UCLA journey?

<sup>1</sup> The online application will not be available until the week of February 1<sup>st</sup>, 2026, eligible students will receive an e-mail notification. You may work on your supporting materials now and add them to your application at any point after notification of availability and before the submission deadline.
