## VICE PROVOST INITIATIVE FOR PRE-COLLEGE SCHOLARS (VIPS)

The VIP Scholars (VIPS) Program is moving forward strongly this academic year. We are pleased to share that we are working closely with LAUSD to continue providing critical pre-college support to students across LAUSD schools.

Our Cohort 19 scholars (high school seniors) have successfully completed their UC, CSU, and other four-year university applications and are now actively applying for scholarships to support their college journeys. At the same time, our Cohort 20 scholars (high school juniors) are focused on maintaining academic competitiveness and preparing for the upcoming college application cycle.

We also celebrate our Cohort 18 scholars, who have completed two quarters/semesters as college students. Those attending UCLA remain actively engaged in VIPS through our Education course, where they build strategies for college success, share resources, and strengthen their connection to the UCLA community.

During winter quarter, VIPS hosted two key events: Saturday Academy and the Retention Refresher. Saturday Academy brought together Cohorts 19 and 20 scholars and their families for workshops led by VIPS staff, mentors, and Graduate Student Researchers. Topics included preparing for junior and senior year, academic strategies, college preparation, financial aid, and navigating the transition to college. The Saturday Academy also featured a Passion Panel for Cohort 20 scholars, with VIPS and UCLA alumni Sam James and Coleman Bryant, along with current UCLA Law student Noah Massillon, who shared their academic and professional journeys. The Retention Refresher supported current UCLA scholars across cohorts with guidance on summer opportunities, scholarship requirements, and campus resources, including the Career Center.

We are incredibly proud of the dedication, resilience, and progress of our VIPS scholars at every stage of their journey.
